

FOOD STANDARDS AGENCY: INFORMATION RELEASED UNDER THE FREEDOM
OF INFORMATION ACT

DATE RELEASED: 20 February 2019

Request

The Treasury allocated the Food Standards Agency £30 million to make necessary preparations for EU-exit in 2018-19 and 2019-20.

- I would like to know how much of this allocation the Food Standards Agency has spent thus far.

Response

The FSA does not hold accurate spend data on EU Exit preparations up to a specific date. For the financial year 2018/19, the FSA forecasts that based on committed and expected expenditure it will spend £13.7m, of its £14m allocation.
